A WORD FROM THE SALE MANAGER

We would like to welcome you to the Lauer-Nagely Production sale to be held Saturday, February 17th.

A few remarks about the cattle that will sell. I realize it is impossible to tell the good things about one's own cattle without sounding a tone of boasting or bragging. I will try not to do too much of either in this brief manager's message.

Both Keith and I have tried to raise cattle with size and substance. The bulls that we have used in the past have been either ton bulls, or near that mark. I would like to mention a few of these big bulls that have been in service in these herds: Ringwell Starlight, by Ringwell Lodestar; Colomeadow Silver Cord, by Colomeadow Control; Curtiss Candy Calypso, by Edellyn Peerless Mercury; Scotsdale Laurencekirk, by Perth champion, Calrossie Prefect; Upward Bound 3rd, by Bapton Upward Bound; and Rothney Matchmaker, by Bapton Cairnbrogie. Cairnbrogie was a full brother to Bapton Constructor. Both herds have a great deal of Mercury breeding back of them. I have owned registered Shorthorns for 34 years, and Mercurys have been the most popular Shorthorn family in my time.

The bulls in this sale consist of one three year old tried sire, eight bulls two years old, and a number of good bull calves. This is the best group of bulls we have ever brought out for an auction sale. Our cattle have sold near the top at Omaha, Hutchinson, and Salina consignment sales. If you are in need of a herd bull, look this offering over before sale day.

The female offering is large enough that you can purchase cow and calf pairs, cows heavy with calf, bred and open heifers, and some nice heifers suitable for Junior project work. These females offered will be sold in their every-day clothes. They have had no special care. We realize that it is not profitable to grain breeding cattle. The cattle selling in this sale have been with our cow herds, and they have had the same care as our breeding cattle we are retaining. Our experience with a cow herd has proved that over-fitting breeding females is not profitable. We realize these cattle would look better if they would have been fed grain. We know, too, that if the cattle you purchase in this sale prove out to be satisfactory and profitable for you, you will be another satisfied customer. Shorthorns have proved out well for us. We do not plan to quit the business.

These cattle will not be taken to the sale barn until the day prior to the sale. Feel free to come see these cattle any time before the sale. Notice we had to change our sale date. Hope to see you at Salina, Farmers & Ranchers Sale Barn, February 17, 1968.

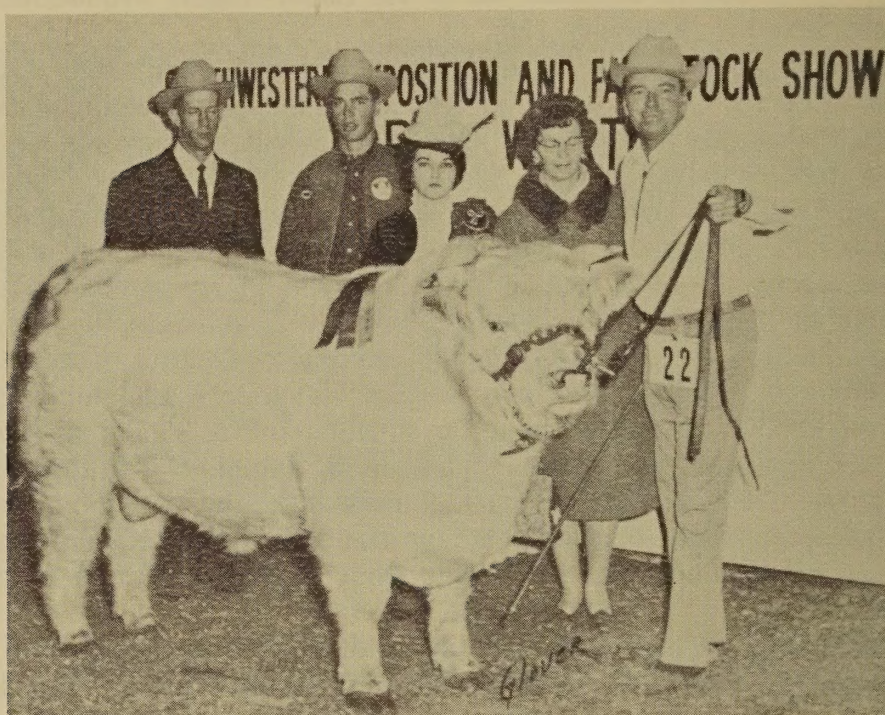

Milton H. Nagely, sale manager

Mil-Nita Shorthorns
Abilene, Kansas

Dear Milton:

The bull I bought from you through our telephone conversation was just my kind of a Shorthorn bull. He is deep, thick, has plenty of length with a tremendously heavy bone, and will sure make a ton bull. The first bull I bought from you is doing a fine job for me. He is also the large type; his calves look great. That is the reason I wanted another bull from Mil-Nita. It is hard to find Shorthorn bulls that will make ton bulls. I guess you could call me a satisfied customer.

Thanks for delivering the bull. Stop and see my cattle again any time you are near Bloomington.

Sincerely,

Charlie Gardner Sr
